admin@valma.com.au
www.valma.com.au

145 Poll Dorsets, 136 White Suffolks & 29 Charollais X WS rams

Rams will be penned from 12pm on sale day

Refreshments and light meal provided

Picture: Valma's First Ram Sale in 1962.
Before the ram shed was built

FLOCK HEALTH – Ovine Johnes Disease MN3 Status & fully vaccinated since 2002. Ovine Brucellosis Accredited Free. Footrot & Lice Free. All sheep fully vaccinated with GlanEry 7in1. Multimin, Cydectin LA and oral Triguard.

ABOUT VALMA POLL DORSETS:

Foundation flock: First established in 1954 by Lyell Stuart and then daughter and son-in law, Keith & Anne McLauchlan. Continuing today with my family, Caroline, Beau and Oscar.

Our continued success over so many years has come from our clients making money out of their Valma purchases and our love of breeding stud stock. Each year we seek a very wide range of important bloodlines, thus giving our clients a continuity of desired traits from a broad gene pool and allowing us to assess their performance against our own bloodlines.

A measure of our present flock status is reflected in the number of Poll Dorset studs throughout Australia that use Valma sires and the continual high standing against all terminal sires in across-flock comparisons on Lambplan. Our breeding program is very commercially orientated – as well as the obvious carcass and growth rates that the industry strives for, finer fronts for lambing ease, longer bodies for carcass weight and mobility.

What goes into getting a ram into our sale:

Starts with Genetics: Mating and recording: sire / dam and their pedigrees.

Birth wt taken within hours of being born.

Weaning wt recorded – Lambplan takes into account- birth type – whether a triplet, twin, single-sex and factors this into their equation for giving a wean wt figure.

Post weaning wt/ fat score and muscle scan – done by independent assessor. Only animals run under the same conditions such as feed can be compared. For this reason we run all the ram lambs in one group until all Lambplan assessments have been done.

Physical assessment by breeder and agent at cataloguing.

Only the best make the sale day out of a stud ewe base of 900- all recorded. As stud breeders on Lambplan we do this so you can be assured of getting the best possible rams we can produce.

WHY buy Valma Poll Dorset and White Suffolk Rams?

- * Suit Tasmania's climate
- * Clean points/downs wool
- * Fine shoulders and long bodied
- * Early turn off of lambs-quick growth rates
- * Strong maternal instincts
- * High fertility
- * Comprehensive recording-accuracy
- * Proven record with repeat clients

It's a Family business, with the boys now playing a big role.

MEMO OF POLL DORSET SIRES

Valma ‘Lyell’ 20-0040– Sold for a world record price of \$41,000. A leading bloodline in the Australian prime Lamb industry. One of the highest in the country for IMF and EQ

Valma 20-0095 – Sold to Morton Stud in 2021 for \$14,500. Top 5% LEQ EQ Top 10% WWT PWT & Top 20% PEMD

Valma 220031 – Used as a ram Lamb. Top 5% PEMD & Top 20% EQ

Valma 220047- Sold to Mullinger Park in 2022 for \$6,200. Top 5% PEMD LMY LEQ & EQ

Valma 220121- Sold to Smithton Farms for \$4,200 in 2022. Top 5% EQ & LEQ Top 10% PWT Top 20% WWT & PEMD

Valma ‘Pete’ 220040- 2023 keeper ram. Top 5% PEMD LEQ & EQ Top 20% SHF5

Percentile Report – shows where a ram is ranked when compared with all other terminal Sire sheep born in Australia In 2023. **Average birth wt is 0.30**

136 White Suffolk Rams

About Valma White Suffolks

We see the White Suffolks as complementary to our Poll Dorsets , giving our clients the additional options when buying rams suitable for smaller merino ewes, maiden ewes and retaining ewe lambs.

We are constantly infusing top Australian genetics via AI into our stud in an attempt to continue making genetic gains. In addition we participate in Sheep Genomics testing, which assists in building our Lambplan data accuracies as well as establishing eating quality traits. Structure remains our foremost criteria for our flock.

MULTIMIN[®]
WHEN IT MATTERS

Shaping the future of animal health

Virbac

MEMO OF WHITE SUFFOLK SIRES

Leahcim 210473- Purchased in 2022 for \$21,000. A ram with great length of body and a fine front with good neck extension. We are very happy with his progeny

Valma 20-2189- Exceptionally well balanced ram with tremendous muscle pattern & thickness. Outstanding lambplan figures.

Rangeview 21W115- Purchased in 2022. Out cross. Low Birth weight . Good bodied and structurally sound

Valma 222022- Used as a ram Lamb for his bare attributes.

White Suffolk Rams
