Status & fully vaccinated since 2002. Ovine
Brucellosis Accredited Free. Footrot & Lice Free.

All sheep fully vaccinated with GlanEry 7in1.

Multimin, Cydectin LA and oral Triguard.

ABOUT VALMA POLL DORSETS

Foundation flock: First established in 1954 by Lyell Stuart and then daughter and son-in law, Keith & Anne McLauchlan. Continuing today with my family, Caroline, Beau and Oscar.

Our continued success over so many years has come from our clients making money out of their Valma purchases and our love of breeding stud stock. Each year we seek a very wide range of important bloodlines, thus giving our clients a continuity of desired traits from a broad gene pool and allowing us to assess their performance against our own bloodlines.

A measure of our present flock status is reflected in the number of Poll Dorset studs throughout Australia that use Valma sires and the continual high standing against all terminal sires in across-flock comparisons on Lambplan. Our breeding program is very commercially orientated – as well as the obvious carcase and growth rates that the industry strives for, finer fronts for lambing ease, longer bodies for carcase weight and mobility.

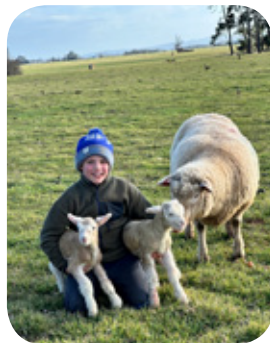

What goes into getting a ram into our sale:

- It starts with Genetics: Mating and recording: sire / dam and their pedigrees.
- Birth wt taken within hours of being born.
- Weaning wt recorded – Lambplan takes into account birth type – whether a triplet, twin, single-sex and factors this into their equation for giving a wean wt figure.
- Post weaning wt/fat score and muscle scan – done by independent assessor. Only animals run under the same conditions such as feed can be compared.

For this reason we run all the ram lambs in one group until all Lambplan assessments have been done.

- Physical assessment by breeder and agent at cataloguing.
- Only the best make the sale day out of a stud ewe base of 900 - all recorded. As stud breeders on Lambplan we do this so you can be assured of getting the best possible rams we can produce.

It's a family business, with the boys now playing a big role.

Why buy Valma Poll Dorset and White Suffolk Rams?

- ✓ Suited to Tasmania's climate
- ✓ Clean points/downs wool
- ✓ Fine shoulders and long bodied
- ✓ Early turn off of lambs
- ✓ Quick growth rates
- ✓ Strong maternal instincts
- ✓ High fertility
- ✓ Comprehensive recording accuracy
- ✓ Proven records with repeat clients

MEMO OF POLL DORSET SIREs

- Valma 230045** Used as a Ram lamb and sold in last years stud ram sale to Chris Marwick in WA for \$5000.
- Valma 230106** Used as a Ram Lamb and sold in last years Stud Ram sale to Bundara Downs for \$9000.
- Valma 230144** Used as a Ram Lamb and Sold to SA & CA Say for \$3000.
- Valma 230376** Used as a Ram Lamb and Sold to Iona Stud for \$3000.
- Valma 230135** One of last year's Keeper Rams. A Ram with great length, a good shoulder and breeding exceptionally well.
- Valma 'Pete' 220040** 2023 keeper ram. Breeding long well-muscled progeny.
- Valma 220583** A wide, structurally correct Ram with a great muscle pattern.
- Valma 220631** A long, correct Ram with a good balance of figures.

Percentile report - Shows where a ram is ranked when compared with all other terminal Sire sheep born in Australia in 2024.

Average Birth weight is 0.30

◀ **Valma 240461**

Lot 13 in this years stud ram sale sold to Rowallen Stud for \$18,500. Sired by Valma 230135.

◀ **Valma 230162 'Pat' 2024 Keeper Ram**

Early maturing muscle ram with an exceptional set of ASBV's. We are very impressed with his progeny, showing great muscle pattern and early growth. We look forward to offering his rams in next years sale.

ABOUT VALMA WHITE SUFFOLKS

We see the White Suffolks as complementary to our Poll Dorsets, giving our clients the additional options when buying rams suitable for smaller merino ewes, maiden ewes and retaining ewe lambs.

We are constantly infusing top Australian genetics via AI into our stud in an attempt to continue making genetic gains. In addition we participate in Sheep Genomics testing, which assists in building our Lambplan data accuracies as well as establishing eating quality traits. Structure remains our foremost criteria for our flock.

MEMO OF WHITE SUFFOLK SIRES

Detpa Grove 220128 Purchased in 2023 for \$10,000. Long, wide set Ram.

Leahcim 210473 Purchased in 2022 for \$21,000. A ram with great length of body and a fine front with good neck extension.

Valma 232383 Used as a Ram Lamb and sold to Mullinger Park in last year's Stud Ram Sale for \$14,500

Valma 222370 2023 Keeper Ram. Great wedge shaped Ram, leaving great hindquarter and muscle pattern.

WHITE SUFFOLKS
